

POSITION DESCRIPTION

Resident Medical Officer

Our CORE values
Collaboration Openness Respect Empowerment

Organisation	NSW Health
Local Health District / Agency	Central Coast Local Health District
Position Classification	JMO Resident Medical Officer
State Award	Public Hospital Medical Officers (State) Award
Category	Medical Officers General
Vaccination Category	A+
Website	www.cclhd.health.nsw.gov.au

PRIMARY PURPOSE

- The primary purpose of the position is to provide quality care to patients in a complex clinical environment.
- Medical Officers will work under an appropriate level of supervision according to their level of competence to evaluate, diagnose, treat and provide consultation to patients of all ages presenting in any condition and will work in a variety of inpatient and outpatient settings.
- You may be required to work at the different facilities and locations with the NSW public health system as part of Central Coast Local Health District which includes Gosford, Wyong, Woy Woy and Long Jetty Hospitals.
- RMOs at Gosford & Wyong have the opportunity to undertake terms (rotations) in some of the following areas: Anaesthetics, Intensive Care Medicine, Cardiology, Gastroenterology, Geriatrics, General Medicine, Geriatric Rehabilitation, Haematology, Medical Assessment Unit, Neurology, Oncology, Radiation Oncology, Radiology, Renal, Respiratory, Rehabilitation, Acute Surgical Unit, ENT Surgery, General Surgery, Orthopaedics, Urology, Psychiatry, Obstetrics & Gynaecology, Paediatrics', Teaching/University, Addiction Medicine, Emergency Medicine (Gosford and Wyong Hospitals), Geriatric Medicine Woy Woy and Rehabilitation Medicine Wyong.
- The RMO clinical year consists of 5 terms and all RMOs are expected to undertake at least one term in Emergency and one term in Relief. Term allocations will be based on the AMC Framework and fulfilling clinical experience requirements.
- CCLHD is part of Network 7 Prevocational Training.

RESPIRATOR USE

NSW Health workers may be required to use a respirator, as part of their appointment with NSW Health. Where a respirator is required for use, workers will be instructed in their safe use; including donning, doffing and fit checking. Staff may be required to complete fit testing to selected respirator/s to assess their facial fit/seal.

At all times when a health worker is required to use a respirator, the health worker must not have any facial hair present. Processes are in place to support workers that need to keep facial hair due to religious observance requirements and/ or health conditions.

POSITION DESCRIPTION

Resident Medical Officer

ESSENTIAL CRITERIA

- MBBS or equivalent, currently registered or eligible for registration with the Medical Board of Australia in an appropriate registration category
- This position is subject to an appropriate supervision level which can be supported by the health agency. If the incumbent's registration conditions include supervision requirements, the level of supervision must be able to be supported by the health agency for this role, as noted in the selection criteria.
- Valid Working with Children Check
- Cleared National Police Check
- To be employed by NSW Health you are required to provide evidence of vaccination to comply with the NSW Health Occupational Assessment, Screening & Vaccination against Specified Infectious Diseases Policy, this includes any amendments made from time to time.

Responsibilities Under WHS: Supervisor: - As a leader you are expected to support the organisation achieve the aims of the safety management system, to establish and maintain a positive health and safety culture in the workplace and to consult with workers and others when making decisions that may impact upon the health, safety and welfare of those in the workplace.

Responsibilities Under WHS: Non-Supervisor: - You must take all reasonable care for yourself and others and comply with any reasonable instruction, policies and procedures relating to work health safety and wellbeing.

KEY ACCOUNTABILITIES

- Under appropriate supervision, provide day to day care in such a manner as to ensure the provision of high-quality clinical services to hospital patients.
- Under appropriate supervision, assess and manage the patients' conditions under your care.
- Communicate patient-relevant information in a timely and clear manner to patients and their families/carers and all staff involved in the patient's care, to facilitate shared decision-making and timely information transfer.
- Ensure accurate documentation in relation to patient care, whilst maintaining confidentiality and privacy, to ensure timely and efficient communication, and that patient records are effective and accurate for current and future use. This includes preparing treatment plans, correspondence with other treating practitioners, entry into medical records, referrals, discharge summaries, reports, certificates and any other documentation in relation to patient care and management.
- Teach other more junior clinical staff, to ensure an optimal learning environment, promote growth and development of others, and to develop skills in teaching. Teaching may include participating in/assisting with/leading formal education sessions, providing learning experiences on the job, case presentations, giving constructive feedback and informal instruction, undertaking formal/informal assessments, role modelling and mentoring.
- Supervise other more junior clinical staff, to enable them to develop the competence and knowledge required for responsible practice, promote team building and a supportive environment, enhance their performance, monitor their welfare, and contribute to development as a supervisor. Supervision includes clinical supervision, checking work is conducted to standards, providing constructive feedback and guidance, contributing to professional development, assisting to solve problems, and clinical workload management.
- Contribute to research projects to contribute to scholarly knowledge that leads to better patient outcomes and to develop skills and understanding of the quality research including research methods, ethics, managing conflict of interest, obtaining informed consent, recruiting and supervising participants, and understanding scientific principles.
- Participate in the Department's quality assurance activities to ensure that appropriate standards are maintained, gaps in safety and quality standards are identified, and to contribute to the continual improvement of the department and the service provided by the hospital. This includes audit activities, morbidity and mortality meetings, quality improvement programs, peer review, relevant committee participation, root cause analyses, infection control reporting, and complaints investigations.

POSITION DESCRIPTION

Resident Medical Officer

- Actively monitor and manage own mental and physical wellbeing, reporting concerns and seeking assistance when needed.
- Create a personal training or development plan, participate in available educational experiences, and actively seek to learn and obtain feedback in order to develop and understand your own skills, knowledge and capability; and therefore to exercise judgement and know when to seek assistance.
- Demonstrated commitment to Caring for the Coast vision, goals and strategies, with demonstrated behaviours which align with the NSW Health CORE values and CCLHD Values and behaviours charter.

KEY CHALLENGES

- Time management and prioritisation of patients and liaising with local medical officers and other community base care modalities to ensure optimal patient care.
- Leading or participating in difficult and critical conversations with patients, families, clients and carers, especially from diverse backgrounds with beliefs and customs that may be contrary to evidence based medical practice.
- Maintaining the efficient utilisation and allocation of physical, human and financial resources in line with facility and district performance benchmarks, budgets and financial targets.

KEY RELATIONSHIPS

Who	Why
Patients / Consumers / Families / carers / guardians accompanying a patient.	To communicate information regarding hospitalisation, treatment, and progress in a sensitive, timely, and clear nature as essential for optimal patient care and experience
Consultants providing clinical supervision / Head of Department	To enable positive working relationships whilst under direct supervision to facilitate professional development and learning.
Inpatient (ward) teams, including other clinical staff/streams/divisions across medical, nursing and allied health.	To promote positive working relationships between inpatient professional groups, we all as support and maintain the need for a cooperative, and harmonious multidisciplinary working environment where everyone is supported to contribute and share professional advice.
Community based health professionals and services, for e.g. General Practitioners / Child and Family Health Centres	To maintain continuity of high level health care in the transition to home and local based care.

SELECTION CRITERIA

1. MBBS or equivalent, currently registered or eligible for registration with the Medical Board of Australia in an appropriate registration category
2. Australian and NZ Graduates/Competent Authority Pathway Candidates: Completion of 1 post graduate years or more as a medical officer in an acute hospital setting and practiced clinical medicine in an acute hospital setting for a minimum of 12 months out of the past 2 years.
3. Standard Pathway Candidates: Completion of a minimum of 2 postgraduate years or more as a medical officer in an acute hospital setting and practiced clinical medicine in an acute hospital setting for a minimum of 12 months out of the past 2 years. Required to hold Level 2 Supervision with AHPRA.

POSITION DESCRIPTION

Resident Medical Officer

4. Demonstrated ability to work in a multidisciplinary team, including providing leadership and direction to ensure appropriate management of patients
5. Demonstrated ability to work independently within a supervised complex clinical environment utilising excellent clinical skills, judgment and expertise, with demonstrated commitment to quality improvement, patient safety and risk management.
6. Demonstrated time management and problem solving skills. Along with Evidence of continuing professional development and commitment to self-education.
7. Demonstrated excellent communication skills (verbal and written) and computer skills, with minimum of 30 words per minute.
8. Demonstrated understanding of how the District is Caring for the Coast and how this role would contribute.

OTHER REQUIREMENTS

- Model the NSW Health CORE Values of Collaboration, Openness, Respect and Empowerment.
- Participate in after-hours rosters including nights and weekends OR Participate in a 24/7 roster and may be rostered to day, evening or night shifts across a seven day roster
- Move between services and geographical locations to deliver patient care
- Participate in ward rounds and clinical handover, to transfer information, accountability and responsibility for a patient or group of patients, following the ISBAR protocol, National Australian Standards. Clinical handover happens within and between Medical, Surgical, Emergency, Paediatric and Critical Care teams.
- Complete mandatory training as required by the hospital, local health district or specialty network, and NSW Health
- Attend all applicable organization-wide, hospital, department and role orientation sessions
- Abide by all conditions/provisions of employment as outlined in the relevant Award
- Conduct all required responsibilities and tasks of the role in a manner that is consistent with legislation, local and state-wide delegations, procedures, policies and manuals, which include but are not limited to the following areas: NSW Health Code of Conduct, Performance Management and Development, Work Health and Safety, Records Management, Confidentiality and Privacy.
- All staff are expected to take reasonable care that their acts and omissions do not adversely affect the health and safety of others, that they comply with any reasonable instruction that is given to them and with any policies/procedures relating to health or safety in the workplace, as well as notifying any hazards/risks or incidents to their managers.
- For accredited training roles, comply with the relevant specialist medical college's training and examination requirements.
- Act as role model and promote a culture and supporting practices that reflect the organisational values through demonstrated behaviours and interactions with patients/clients/employees.
- Comply with supervision requirements as set out by the Australian Health Practitioner Regulation Agency.
- The Workplace Based Assessment (WBA) Program is offered at CCLHD to Junior Medical Officers successful in gaining a CCLHD position. To be eligible to apply to the program candidates will need to secure a contract with CCLHD in the first instance. The WBA Program consists of 12 x Mini-Clinical Examination Assessments, 6 x Case Based Discussion Assessments, 7 x Direct Observation of Procedural Skills, 5 x Term Assessments and 2 x 8 Multi-Source Feedback Forms at Level 1 under direct supervision of an assessor in the following clinical areas: Emergency Medicine, General Medicine, Surgery, Paediatrics, Mental Health and Obstetrics & Gynaecology. A WBA Position Description will be provided to successful candidates, in addition to their CCLHD position based Position Description.
