Resident Medical Officer

South Eastern Sydney
Local Health District

Our CORE values: Collaboration Openness Respect Empowerment

Our Vision: Exceptional care, healthier lives.

Our Purpose: To enable our community to be healthy and well; and to provide the best possible compassionate care when people need it.

Organisation	NSW Health
Local Health District / Agency	South Eastern Sydney Local Health District
Position Classification	JMO Resident Medical Officer
State Award	Public Hospital Medical Officers (State) Award
Category	Medical Officers General
Vaccination Category	Category A
Website	www.seslhd.health.nsw.gov.au/

PRIMARY PURPOSE

The vision for South Eastern Sydney Local Health District (SESLHD) is 'exceptional care, healthier lives'. SESLHD is committed to enabling our community to be healthy and well, and to providing the best possible compassionate care when people need it.

The purpose of the position is to provide medical care and support, as part of a multi-disciplinary team that is consistent with the level of clinical competency and experience of the appointed trainee. This includes the assessment and management of patients across several clinical departments under the supervision of senior practitioners whilst developing broad skills in clinical decision making and practice.

RESPIRATOR USE

NSW Health workers may be required to use a respirator, as part of their appointment with NSW Health. Where a respirator is required for use, workers will be instructed in their safe use; including donning, doffing and fit checking. Staff may be required to complete fit testing to selected respirator/s to assess their facial fit/seal.

At all times when a health worker is required to use a respirator, the health worker must not have any facial hair present. Processes are in place to support workers that need to keep facial hair due to religious observance requirements and/ or health conditions.

ESSENTIAL CRITERIA

- All staff are required to complete and submit a Pre-employment Health Declaration Form
- Dependent on position applied for you will need to complete/provide a Working with Children Check (WWCC), National Police Check (NPC) and/or Aged Care Check.
- As a leader you are expected to actively support and demonstrate your commitment to the organisation's safety management system; to establish and maintain a positive health and safety culture; to consult with workers and others when making decisions that may impact upon the health, safety and wellbeing of those in the workplace; acquire and keep up-to-date knowledge of work health and safety matters; ensure that all workers understand their health and safety obligations and are sufficiently trained in health

POSITION DESCRIPTION

Resident Medical Officer

South Eastern Sydney
Local Health District

and safety policy and procedures; report any safety incidents, injury, hazards, risks, concerns or unsafe behaviour in the SESLHD IMS+ safety reporting system within 24 hours, and take appropriate actions to eliminate or minimise related risk to as low as reasonably practicable.

- MBBS or equivalent, currently registered with the Medical Board of Australia.
- A minimum of 12 months satisfactory full-time post-graduate experience, including recent clinical practice as a registered medical practitioner in an Australian Health System or within the approved competent authority pathway.
- This position is subject to an appropriate supervision level which can be supported by the health agency. If the incumbent's registration conditions include supervision requirements, the level of supervision must be able to be supported by the health agency for this role.
- Valid Working with Children Check
- Cleared National Police Check
- Aged Care Check for Australian Government funded positions
- To be employed by NSW Health you are required to provide evidence of vaccination to comply with the NSW Health Occupational Assessment, Screening & Vaccination against Specified Infectious Diseases Policy, this includes any amendments made from time to time.

KEY ACCOUNTABILITIES

- Assist with the management of patients in order to provide high quality, safe, patient-centred care. This includes coordinating admissions, assisting with patient assessments, implementing treatment plans, and organizing referrals, consultations, and diagnostic investigations.
- Perform procedures under instruction and supervision, to assist with patient care and contribute to learning.
- Assist with discharging patients as directed, following all relevant protocols, to ensure effective follow up and continuity of care of patients after discharge.
- Communicate patient-relevant information in a timely and clear manner to patients and their families/carers and all staff involved in the patient's care, to facilitate shared decision-making, timely information transfer, and hence ensuring quality patient care. This includes escalating issues when required, and respecting confidentiality and privacy.
- Prepare and oversee accurate documentation in relation to patient care, maintaining confidentiality and privacy, to ensure timely and efficient communication of patient information, and to ensure patient records are effective and accurate for current and future use.
- Teach other clinical staff, to ensure an optimal learning environment, promote growth and development of others. Teaching may include assisting with formal education sessions, providing learning experiences on the job, and giving constructive feedback and informal instruction.
- Supervise other clinical staff, to enable them to develop the competence and knowledge required for responsible practice, to ensure quality patient care and treatment, promote team building and a supportive environment, enhance the performance of those being supervised, and monitor their welfare.
- Contribute to research projects to contribute to scholarly knowledge that leads to better patient outcomes and to develop skills and understanding of quality research.
- Participate in quality assurance activities to ensure that appropriate standards are maintained, gaps in meeting safety and quality standards are identified and raised, and to contribute to the continual improvement of self, colleagues, the department and the service provided by the hospital.
- Actively monitor and manage own safety and wellbeing, seeking assistance when needed.
- Create a personal training or development plan, participate in available educational experiences, and actively seek to learn and obtain feedback in order to maintain lifelong learning and continuing professional development, to understand your own skills, knowledge and capability; and therefore to experience professional growth, exercise judgement and know when to seek assistance.

KEY CHALLENGES

POSITION DESCRIPTION

Resident Medical Officer

South Eastern Sydney
Local Health District

- Balancing professional development and hospital mandated training and education requirements with the delivery of high level medical care and services in a challenging, demanding and varying environment.
- Participating in difficult and critical conversations with colleagues, patients, families, clients and carers.
- Maintaining the efficient utilisation and allocation of physical, human and financial resources in line with facility and district performance benchmarks, budgets and financial targets.

KEY RELATIONSHIPS

Who	Why
Patients/Consumers/Families/carers/guardians accompanying a patient	To communicate information regarding hospitalisation, treatment, and progress in a sensitive, timely, and clear nature as essential for optimal patient care and experience. To provide the patient with links to non-hospital based clinicians and emergency services and assistance with identifying sources of information to achieve health outcomes.
Consultants providing clinical supervision	To enable positive working relationships whilst under direct supervision to facilitate professional development. To participate in discussion and decisions, escalate issues, propose solutions, receive guidance, and provide regular updates regarding patients and their management. To enable supportive working connections whilst working in a challenging and complex environment, with the aim of upholding personal health and wellbeing.
Inpatient (ward) teams, including other clinical staff/streams/divisions across medical, nursing and allied health	To co-ordinate patient care and follow up as part of a multi-disciplinary team and across other supporting teams that is timely, progressive and positive for each clinical care episode. To promote positive working relationships between inpatient professional groups. To promote best clinical practice through collaborative efforts between primary care providers and hospital providers.

SELECTION CRITERIA

1. MBBS or equivalent, currently registered with the Medical Board of Australia.
2. A minimum of 12 months satisfactory full-time post-graduate experience, including recent demonstrated clinical practice as a registered medical practitioner in an Australian Health System or within the approved competent authority pathway.
3. Demonstrated ability to work independently in a supervised environment and work effectively as part of a multi-disciplinary team with an understanding of the roles of the doctor and other members of the healthcare team.
4. Demonstrated evidence of continuing professional development and commitment to self-education and commitment to quality improvement, patient safety and risk management.
5. Demonstrated written and verbal communication skills and ability to communicate effectively and respectfully with patients, family members and others members of the health care team.
6. Demonstrated good organisational and time management skills and ability to manage competing priorities in a complex environment.

POSITION DESCRIPTION

Resident Medical Officer

South Eastern Sydney
Local Health District

OTHER REQUIREMENTS

- Act as an appropriate and effective role model and promote a culture and supporting practices that reflect the organisational values through demonstrated behaviours and interactions with patients/clients/employees.
- Recruit, coach, mentor, and performance develop staff, to develop the capabilities of the team to undertake changing roles, responsibilities and to provide for succession within the unit.
- Manage delegated financial responsibilities, through the development and maintenance of appropriate strategies and effective allocation of resources, to ensure optimal health outcomes are managed within budget.
- Model the NSW Health CORE Values of Collaboration, Openness, Respect and Empowerment.
