QR Verification Code

You can provide the code opposite to anyone wishing to verify the authenticity and result of this document.

1. Using a QR code reader, hold the scanner or camera over the code until it appears completely in the supplied window.
2. The QR code is a link to a verification page on the AIS site, which can be opened in any standard web browser.
3. For security, the user will be prompted with key information about this applicant.
4. If the information has been supplied correctly, the result of this check will be displayed to the user.

NOTE: This document should only be shared with those whose consent you have given to view your check result.
