Medical Workforce Team
Bairnsdale Regional Health Service

RE: VG/BRHS/MS/1791460 - PGY2 Hospital Medical Officer

Dear Imogen Kelly,

I would be honoured to work and learn at the **BRHS**. As an Australian citizen who has passed the AMC Part 1 (MCQ) and OET English exams, I am eligible for Limited Registration with AHPRA and remain compliant with AHPRA's recency of practice standards. In addition, I have the AHA's Advanced Cardiovascular Life Support (ACLS) certificate and currently work in Intensive Care and Emergency Medicine.

I am eager to learn and adapt to the Australian healthcare system and contribute my skills and experience to your organisation and team. My expertise spans emergency medicine and intensive care, shaped by challenging and diverse environments over 15 years of medical experience in Brazil.

Key competencies and accomplishments include:

- **Emergency and ICU Proficiency:** Managed critical patients at the height of the COVID-19 pandemic in the second most-affected country in the world, performing high-risk procedures such as intubations while fostering collaboration among multidisciplinary teams and communicating effectively and empathetically with staff, patients and their families.
- **Advanced Surgical Training:** Completed a cardiovascular surgery residency under [Professor Domingo M. Braile](#), acquiring mastery in procedures like airway management, central vein line placement, and pacemaker implantation.
- **Adaptability in Diverse Environments:** Worked across regional hospitals and Latin America's largest oncological hospital (ICESP), navigating complex cases and rapidly evolving healthcare demands.

As someone who grew up in the remote countryside, I am genuinely excited by the prospect of working at the **BRHS**, where I can share my current expertise while learning from your experienced consultants about the Australian healthcare system. I deeply resonate with your commitment to protecting families, children, and privacy. I also value integrity, honesty, courage, care, and respect; as my referees can attest, I have implemented them firsthand throughout my career.

On a personal note, I am very keen to work in Australia and be reunited with my family in Victoria, including my husband and two sons. The **BRHS** seems to be a perfect fit. As an experienced IMG who has performed all the role's key responsibilities, from inpatient care to mentoring medical students, I look forward to sharing and learning more at the **Bairnsdale Regional Health Service**.

Together, let's make a real impact and continue to deliver high-quality healthcare to our community.

Looking forward to hearing from you,

Deva Subasic de Azevedo
