Northern Adelaide Local Health Network Recruitment Team
Lyell McEwin Hospital & Modbury Hospital

RE: Job ref: 889568 - Service Resident Medical Officer

Dear JMO Recruitment Team,

I would be honoured to work and learn at the **NALHN**. As an Australian citizen who has passed the AMC Part 1 (MCQ) and OET English exams, I am eligible for Limited Registration with AHPRA and remain compliant with AHPRA's recency of practice standards.

I am eager to learn and adapt to the Australian healthcare system and contribute my skills and experience to your organisation and team. My expertise spans emergency medicine and intensive care, shaped by challenging and diverse environments over 15 years of medical experience in Brazil.

Key accomplishments include:

- **Emergency and ICU Proficiency:** Managed critical patients at the height of the COVID-19 pandemic in the second most-affected country in the world, performing high-risk procedures such as intubations while fostering collaboration among multidisciplinary teams and communicating effectively and empathetically with staff, patients and their families.
- **Advanced Training:** Completed a cardiovascular surgery residency under [Professor Domingo M. Braile](#), acquiring mastery in procedures like airway management, central vein line placement, and pacemaker implantation.
- **Adaptability in Diverse Environments:** Worked across regional hospitals and Latin America's largest oncological hospital (ICESP), navigating complex cases and rapidly evolving healthcare demands.

I am genuinely excited by the prospect of working at the **NALHN**, where I can share my current expertise while learning from your experienced consultants about the Australian healthcare system. I deeply resonate with your core beliefs that everyone has a story, matters, contributes and grows. My medical practice has always been centred around empathy, inclusivity, and a commitment to the growth and well-being of every patient and staff member, as my referees can attest.

On a personal note, I am very keen to work in Australia and be reunited with my family, including my husband and two sons. The **NALHN** seems to be a perfect fit. As an experienced IMG who has performed all the role's key responsibilities, from inpatient care to mentoring medical students, I look forward to sharing and learning more at the **Lyell McEwin & Modbury Hospitals**.

Together, let's make a real impact and continue to deliver high-quality healthcare to our community.

Looking forward to hearing from you,

Deva Subasic de Azevedo
