

Supervised practice plan and supervisor's agreement for international medical graduates

Profession: Medical

This supervised practice plan and supervisor's agreement form is to be completed by the supervisor(s) and applicant for limited or provisional registration when:

- 1. applying for limited or provisional registration
- 2. seeking approval to change current supervised practice arrangements.

Completing this form

- · Read and complete all required questions
- Read the Privacy Notice on the last page of the plan
- Type or print clearly in BLOCK LETTERS

- Place X in all applicable boxes
- Ensure that all the pages and required attachments are returned to Ahpra
- Ensure all supporting documents are on A4 size paper

Requirements t	for supervisors
If the proposed princi	
	ecialist registration, and/or the same field of medicine as the proposed position for the IMG, and/or
•	ree years FTE experience with general and/or specialist registration in Australia,
please provide a writt	ten explanation for the Board's consideration as to why the supervisor does not meet the requirement, details of the supervisor's training and are suitable to be a supervisor and how it is proposed that effective supervision will be undertaken.
N/A	
Please attach a sep	arate sheet if your proposal does not fit in the space provided.
proposed field of med term co-supervisors f	Services or Directors of Clinical Training (or equivalent) in a hospital setting who are not qualified in the same field of medicine as the dicine as the proposed position for the IMG and who are applying for approval as a principal supervisor to take responsibility for appointing for IMGs are not required to provide this proposal. However, they must ensure that each term co-supervisor completes the supervisor's online sment module, meets the requirements for supervisors in the Guidelines and is qualified in the relevant field of medicine for each of the disposition for the IMG.
A DMS or DCT in a horegistration in Austral	ispital setting who does not have specialist registration and/or does not have three years FTE practice with general and/or specialist ia is required to provide a written explanation for the Board's consideration as to why they do not meet the requirement, details of their ce and why they are suitable to be a principal supervisor.
For general pra	actice only
B6 Is the pra	ctice currently accredited to the RACGP Standards for General Practices (current edition)?
Yes –	Please select
	AGPAL group of companies
	Quality Practice Accreditation (the program is known as GPA ACCREDITATION plus)
	Global Mark
	Australian Council on Healthcare Standards
	Please attach a separate sheet if your proposal does not fit in the space provided.
No -	You must provide a proposal to the Board (see below).
	If the general practice is not currently accredited to the RACGP Standards for General Practices (current edition) you must provide a written explanation to satisfy the Board that you have structures in place to support safe practice by the IMG.
	Please attach a separate sheet if your proposal does not fit in the space provided.

Effective from: 6 April 2022 Page 3 of 14

Details of other registrants currently supervised by the principal supervisor

The Board will not normally approve any practitioner to have direct supervisory responsibility for more than four IMGs. Practitioners cannot be the direct supervisor for more than one IMG on level one supervision unless they do not consult with (their own) patients while supervising IMGs. Prospective supervisors who are proposing to supervise more than four IMGs must provide a proposal to the Board as to how they will provide supervision to each IMG.

A DMS or DCT (or equivalent) in a hospital setting who is approved as a principal supervisor, and who takes responsibility for appointing term co-supervisors, must ensure that in delegating supervision, that term co-supervisors will not supervise more than four IMGs at a time. Otherwise they are required to provide a proposal to the Board about how the term co-supervisor will provide supervision to each IMG:

Family name	First given name	Re	gis	trat	ion	nui	nbe	er				Level of supervision
		M	Ε	D								
		M	Е	D								
		M	Ε	D								

SECTION C: Details of the first proposed co-supervisor

C1

The Board expects principal supervisors to be responsible for the adequate supervision of IMGs regardless of whether co-supervisors have been nominated to supervise the day-to-day practice of IMGs. The principal supervisor is expected to sign off the supervision reports required by the Board.

One or more co-supervisors should also be appointed to ensure the IMG is supervised when the principal supervisor is absent. If a co-supervisor cannot be appointed in advance, the principal supervisor must inform the Board what arrangements will be made for the principal supervisor's absence, for example, for sick leave or annual leave.

SECTION F: Details of the proposed term co-supervisors (for hospital positions only)

DMSs and DCTs (or equivalent) in a hospital setting can delegate day-to-day supervision to term co-supervisors. DMSs and DCTs (or equivalent) who take responsibility for appointing term co-supervisors must ensure that any term co-supervisors appointed meet the requirements defined in the Guidelines. DMS or DCTs must provide the details of term co-supervisors below, so that they can complete the online education and assessment module for supervisors

Details of term co-supervisors appointed by a DMS or DCT in a hospital setting

SECTION G: The proposed supervised practice plan

ALL SECTIONS MUST BE COMPLETED

Please ensure the details of the supervised practice plan are completed by the principal supervisor together with the IMG.

Use the space below or attach your own supervised practice plan which includes these elements.

Learning objectives and recommended training/further professional development

- Undertake and complete "MiPrep" program introductory training for HMO Role
- Take a comprehensive history, eliciting relevant clinical findings, and formulate a detailed management plan for patients presenting to the unit
- Perform a thorough physical examination of a patient with unit specific conditions
- Determine the need to organise tests when appropriate
- Accurately interpret the results of investigations
- Become familiar with the clinical features and formulate management plan for patients presenting with specific conditions
- Design a discharge plan containing clearly identified and attainable goals and addressing strategies for maintaining optmal health
- Prioritise workload (clinical and administrative)
- Prioritise critically ill patients and manage appropriately
- Work as part of a multidisciplinary team to demonstrate appropriate professional rapport and an understanding of expertise and knowledge that each allied staff member has to offer in the mangement of patients

Page 10 of 14 Effective from: 6 April 2022

Frequency of meetings with principal supervisor and type of meetings

- Weekly Hospital Medical Officer tutorials providing education across broad range of medical topic
- Attendance at the Monash Health Simulation Centre to improvise and learn new clinical skills Each session will run for 4 hours in the morning. THe Medical Education Officer will schedule timings for all doctors
- Professional rounds (HMOs will be involved in case presentations that will include evidence based literature review)
- Xray meeting
- Professional meetings (include presentations by different units and registrar case history)
- General medicine Stat of Art lectures where Senior Medical staff present specialised topics
- Allied Health meetings
- Medical Grand Rounds
- Monash Health Education Sessions (on the broader issue with general education)
- Co-supervisors will be available for assistance through the supervison period
- Multi disciplinary teamwork for supervision, guidance and feedback

Availability of co-supervisors for assistance. How will the IMG seek assistance?

E.g. face to face, telephone etc

- Daily ward rounds with Registrars and Consultants
- Work in a multi-disciplinary team
- Registrar and Consultant support available at all times to assist and supervise the Hospital Medical Officer
- Unit specific Registrar and Consultant feedback to the Principal and Co-supervisors

How will the IMG's performance be assessed?

 $\hbox{E.g. direct observation of practice, medical record reviews, case reviews etc}\\$

- 1. Term supervisors will assess performance through direct observation of daily practice.
- 2. Mid term performance assessments, feedback sessions with Registrars, formal appraisal and end of term assessment from Consultant and Registrar
- 3. Weekly Unit meetings accrording to clinical rotations
- 4. Informal feedback of doctors progress from Unit specific Registrar and Consultant to Principal and Co-supervisors
- 5. Reviews of medical rounds and case reviews
- 6. Collated feedback from peers and other health staff
- 7. Co-supervisor and principal supervisor to obtained feedback form term supervisors.

SECTION I: Principal supervisor's agreement

I agree to be the principal supervisor of (name of IMG)

and to provide supervision in accordance with the Board's Guidelines. I confirm that I can provide the following levels of supervision. I understand that the level of supervision will be determined by the Board.

Note: Refer to the *Guidelines: Supervised practice for international medical graduates* for a full description for each level of supervision. Please mark the relevant boxes below.

Level 1	- The supervisor takes direct and principal responsibility for each individual patient
Level 2	- The supervisor shares with the IMG responsibility for each individual patient
Level 3	- The IMG takes primary responsibility for each individual patient

Level 4 - The IMG takes full responsibility for each individual patient

For IMGs in hospital-based positions

The Medical Board of Australia has published an information sheet — *International medical graduate supervision in hospital-based positions* to provide guidance about supervision to hospitals who employ IMGs.

The hospital must select **ONE** of the following three options:

If the hospital can provide a defined level of supervision, the hospital can select one or more level(s) of supervision in the above boxes. The hospital must be able to provide supervision as described for each level.

If the above levels do not correspond to the proposed supervision arrangements, the hospital can:

propose 'intern supervision' for an IMG who will need Level 1 equivalent supervision, if the hospital employs interns in accredited intern positions. The IMG does not need to be in an accredited intern position. No further information is required. **OR**

describe the level of supervision and supervision structures in the table below.

Hospital location Metro/regional/rural Satellite hospitals/ sites/campuses/clinics Hospital type Public/private Tertiary Is there an ED onsite? I further agree to:

- 1. ensure as far as possible, that the IMG is practising safely and is not placing the public at risk
- observe the IMG's work (or where applicable, delegate the observation of day-to-day work to appropriately qualified co-supervisors), conduct case reviews, periodically conduct performance reviews and address any problems that are identified
- 3. ensure that any term co-supervisors that I appoint that are delegated the day-to-day supervision meet the requirements set in the Board's guidelines (this is only applicable to DMS or DCT (or equivalent) in a hospital setting)
- 4. ensure before I delegate supervision to a temporary co-supervisor, that he/she has general and/or specialist registration and is appropriately experienced to provide the supervision
- 5. notify the Board immediately if I have concerns about the IMG's clinical performance, health or conduct or if the IMG fails to comply with conditions, undertakings or requirements of registration
- 6. ensure that the IMG practises in accordance with work arrangements approved by the Board
- 7. ensure that Board approval has been obtained for any proposed changes to supervision or work arrangements before they are implemented
- 8. inform the Board if I am no longer able or willing to undertake the role of the IMG's supervisor
- 9. provide reports to the Board in a form approved by the Board including an orientation report and a work performance report after three months initial registration and work performance reports at renewal or new application or at subsequent intervals as determined by the Board
- 10. complete the online education and assessment module (login details will be provided after the supervision arrangements have been approved).

Privacy notice

The Medical Board of Australia and Ahpra are committed to protecting your personal information in accordance with the Privacy Act 1988 (Cth).

The personal information (that is, information that identifies you) collected in this form is required so that the Board and Ahpra are able to:

- assess proposed supervision arrangements
- assess the eligibility of proposed supervisors to supervise an international medical graduate;
- (as relevant) manage your status as an international medical graduate, or as a supervisor (including by assessing that you understand your obligations
 as a supervisor);
- ask other people (such as government agencies, health authorities, employers and accrediting agencies) for information relevant to the proposed supervision
 plan (such as confirming your identity, qualifications and work history); and
- communicate with you and provide you with relevant updates and general information about Ahpra and the Board's activities relevant to supervision.

The information may also be used for the proper operation of the Health Practitioner Regulation National Law (as in force in each state and territory) - e.g. for research relevant to that Law. If you do not provide the required information, it may not be possible for the proposed supervised practice plan to proceed. Ahpra's privacy policy explains how you may:

- access and seek correction of your personal information held by Ahpra and the Board;
- how to complain to Ahpra about a breach of your privacy;
- and how your complaint will be dealt with.

The policy can be accessed on the **Privacy page**.

Disclosure of supervisor email addresses to third party

All supervisors must successfully complete an online education and assessment module to assess their understanding of the Board's *Guidelines - Supervised* practice for international medical graduates. The module is hosted for the Board by SALT Compliance at GRC Solutions (Governance Risk & Compliance Solutions Pty Ltd). To enable GRC to provide supervisors with the module, Ahpra will forward GRC the email addresses provided on this form.

GRC will use the email addresses to enable supervisors to log in and complete the module. GRC's Privacy Policy is available on their website.

Post the completed Supervised practice plan and supervisor's agreement with the IMG's application form for limited or provisional registration to:
