Dear Dr Deva Subasic de Azevedo,

Re: Confirmation of your Pre-Employment Structured Clinical Interview

Thank you for choosing the Royal Australian College of General Practitioners to book a Pre-Employment Structured Clinical Interview (PESCI).

The purpose of the PESCI is to assess your knowledge, skills, and experience to practise safely and effectively in the position for which you are seeking registration with the Medical Board of Australia.

The interview will be conducted online using Zoom videoconferencing.

Your PESCI is scheduled for:

Time: 9.00 am (AEST) (the interview may last up to 90 minutes)

Date: Wednesday, 15 April 2026

Delivery: Zoom
Details will be provided by close of business Friday 3 April 2026

The RACGP strives to deliver the PESCI as scheduled, however, in limited and unavoidable circumstances we will need to make changes to the interview time. In the event your scheduled PESCI has changed, further details of the rescheduled time will be sent to you promptly.

Orientation and Preparation Module:

We strongly recommend you complete the orientation module early as it will help your preparation for the PESCI.

By paying your application fee, you now have access to the below orientation modules which can be accessed at RACGP's *gplearning*. This is located from the [RACGP Website](#) after logging in under **My Account > gplearning**.

- **GP pathway to Australian General Practice**

In Australia, the term General Practitioner refers to a family physician or primary care physician and not a generalist career medical officer. We recommend practitioners not familiar with the Australian healthcare context undertake our orientation modules.

- **Introductory Module for PESCI Applicants**

This full PESCI tutorial may help you in your preparation and includes a mock case.

Please email to pesci@racgp.org.au for access if you do not see the module within your *gplearning* platform.

Prior to your PESCI:

- Please submit an updated Curriculum Vitae by 18 March 2026. This should include any professional development you may have completed. If the documents are submitted after this date the documents may not be considered for your PESCI. Please email your updated documents to pesci@racgp.org.au
- Review the [PESCI Applicant Technical Guide](#).

On the day of your PESCI:

- Check your internet connection and speed and equipment well before the interview is due to start.
- Log in, using the link we send you in your confirmation email, at least 20 minutes before the interview is scheduled to start, so that you have time to resolve any technical issues beforehand.
- If you have technical issues once the interview begins, the panel will allow you 10 minutes to resolve the issue, and if you can't resolve it, the chair of the panel may decide to end or reschedule the interview. This decision will be made according to your circumstances. If the interview needs to be rescheduled, a fee may apply.

Finally:

By completing your application, you are agreeing to the PESCI terms and conditions which can be found on our [website](#) which cover our cancellation policy. Should there be a need to reschedule a confirmed interview, you must submit the request in writing to pesci@racgp.org.au by 18 March 2026. We consider these requests on a case-by-case basis. A non-refundable administration fee of \$450 will apply.

If you have any questions regarding these arrangements or your PESCI please contact Maria Orosa, Education Support Officer on (03) 8699 0554 or by email to pesci@racgp.org.au You can also refer to <https://www.racgp.org.au/education/IMGs/international-graduates/pesci> for further information.

Kind regards

Maria Orosa
Education Support Officer
