

POSITION DESCRIPTION

Trainee - Unaccredited Position

Our CORE values
Collaboration Openness Respect Empowerment

Organisation	NSW Health
Local Health District / Agency	Northern NSW Local Health District
Position Classification	JMO Unaccredited Trainee
State Award	Public Hospital Medical Officers (State) Award
Category	Medical Officers Obstetrics and Gynaecology
Vaccination Category	Category A
Website	www.nnswlhd.health.nsw.gov.au/

PRIMARY PURPOSE

The primary purpose of the position is to provide quality obstetric and gynaecological care to patients in a complex clinical environment. Unaccredited trainees will work under an appropriate level of supervision according to their level of competence to evaluate, diagnose, treat and provide consultation to female patients of all ages presenting in any condition or stage of pregnancy or the puerperium; and female patients presenting with illnesses, injuries and disorders of the gynaecological or genitourinary system.

Unaccredited Trainees in Obstetrics and Gynaecology will work in a variety of inpatient and outpatient settings including inpatient ward care, birthing unit, theatres and outpatients (e.g. antenatal, postnatal and gynaecology clinics).

This position can contribute towards a RANZCOG diploma or assist trainees to obtain an accredited RANZCOG training position in the future.

RESPIRATOR USE

NSW Health workers may be required to use a respirator, as part of their appointment with NSW Health. Where a respirator is required for use, workers will be instructed in their safe use; including donning, doffing and fit checking. Staff may be required to complete fit testing to selected respirator/s to assess their facial fit/seal.

At all times when a health worker is required to use a respirator, the health worker must not have any facial hair present. Processes are in place to support workers that need to keep facial hair due to religious observance requirements and/ or health conditions.

ESSENTIAL CRITERIA

- MBBS or equivalent, currently registered or eligible for registration with the Medical Board of Australia in an appropriate registration category.
- International Medical Graduates see advice here
<https://www.health.nsw.gov.au/careers/Pages/medical.aspx>
- Completion of at least two postgraduate years of medical practice (PGY3+ at commencement of position) with recent experience in obstetrics and gynaecology

POSITION DESCRIPTION

Trainee - Unaccredited Position

- This position is subject to an appropriate supervision level which can be supported by the health agency. If the incumbent's registration conditions include supervision requirements, the level of supervision must be able to be supported by the health agency for this role.
- Possess a valid, unencumbered, Driver's Licence for use in NSW/Australia, as staff may be required to travel between sites as part of their employment requirements
- Valid Working with Children Check
- Cleared National Police Check
- Aged Care Check for Australian Government funded positions
- To be employed by NSW Health you are required to provide evidence of vaccination to comply with the NSW Health Occupational Assessment, Screening & Vaccination against Specified Infectious Diseases Policy, this includes any amendments made from time to time.

KEY ACCOUNTABILITIES

- Under appropriate supervision, provide pre-pregnancy, antenatal, intrapartum and postnatal care of women with normal and complex pregnancies and obstetric related conditions to ensure the provision of high-quality clinical services to hospital patients. This includes undertaking patient and foetal assessment and management of normal and complex pregnancies including emergencies, and performing obstetric operative procedures.
- Under appropriate supervision, assess and manage common office and acute gynaecological conditions and emergencies, including performing gynaecological operative and non-operative procedures.
- Communicate patient-relevant information in a timely and clear manner to patients and their families/carers and all staff involved in the patient's care, to facilitate shared decision-making and timely information transfer.
- Ensure accurate documentation in relation to patient care, whilst maintaining confidentiality and privacy, to ensure timely and efficient communication, and that patient records are effective and accurate for current and future use. This includes preparing treatment plans, correspondence with other treating practitioners, entry into medical records, referrals, discharge summaries, reports, certificates and any other documentation in relation to patient care and management.
- Teach other clinical staff, to ensure an optimal learning environment, promote growth and development of others, and to develop skills in teaching. Teaching may include participating in/assisting with/leading formal education sessions, providing learning experiences on the job, case presentations, giving constructive feedback and informal instruction, undertaking formal/informal assessments, role modelling and mentoring.
- Supervise other clinical staff, to enable them to develop the competence and knowledge required for responsible practice, promote team building and a supportive environment, enhance their performance, monitor their welfare, and contribute to development as a supervisor. Supervision includes clinical supervision, checking work is conducted to standards, providing constructive feedback and guidance, contributing to professional development, assisting to solve problems, and clinical workload management.
- Contribute to research projects to contribute to scholarly knowledge that leads to better patient outcomes and to develop skills and understanding of the quality research including research methods, ethics, managing conflict of interest, obtaining informed consent, recruiting and supervising participants, and understanding scientific principles.
- Participate in the Department's quality assurance activities to ensure that appropriate standards are maintained, gaps in safety and quality standards are identified, and to contribute to the continual improvement of the department and the service provided by the hospital. This includes audit activities, morbidity and mortality meetings, quality improvement programs, peer review, relevant committee participation, root cause analyses, infection control reporting, and complaints investigations.
- Actively monitor and manage own mental and physical wellbeing, reporting concerns and seeking assistance when needed.
- Create a personal training or development plan, participate in available educational experiences, and

POSITION DESCRIPTION

Trainee - Unaccredited Position

actively seek to learn and obtain feedback in order to develop and understand your own skills, knowledge and capability; and therefore to exercise judgement and know when to seek assistance.

KEY CHALLENGES

- Time management and prioritisation of patients in the labour ward whilst also attending to emergency calls and consults.
- Leading or participating in difficult and critical conversations with patients, families, clients and carers, especially from diverse backgrounds with beliefs and customs that may be contrary to evidence based medical practice.
- Maintaining the efficient utilisation and allocation of physical, human and financial resources in line with facility and district performance benchmarks, budgets and financial targets.

KEY RELATIONSHIPS

Who	Why
Patients / Consumers / Families / carers / guardians accompanying a patient	To communicate information regarding hospitalisation, treatment, and progress in a sensitive, timely, and clear nature as essential for optimal patient care and experience
Consultants providing clinical supervision / Head of Obstetrics and Gynaecology Department	To enable positive working relationships whilst under direct supervision to facilitate professional development and learning
Inpatient (ward) teams, including other clinical staff/streams/divisions across medical, nursing and allied health	To promote positive working relationships between inpatient professional groups, we all as support and maintain the need for a cooperative, and harmonious multidisciplinary working environment where everyone is supported to contribute and share professional advice
Community based health professionals and services, for e.g. General Practitioners / Child and Family Health Centres	To maintain continuity of high level health care in the transition to home and local based care

SELECTION CRITERIA

1. Qualifications and experience commensurate with the Essential Requirements for the role (please address these in your response)
2. Demonstrated ability to work in a multidisciplinary team, including providing leadership and direction to ensure appropriate management of patients
3. Demonstrated ability to work independently within a supervised complex clinical environment utilising excellent clinical skills, judgment and expertise
4. Demonstrated time management and problem solving skills
5. Demonstrated excellent communication skills (verbal and written) and computer skills.
6. Demonstrated commitment to quality improvement, patient safety and risk management

POSITION DESCRIPTION

Trainee - Unaccredited Position

7. Commitment to participating in training and development opportunities to further develop skills and knowledge in the area of obstetrics and gynaecology.

OTHER REQUIREMENTS

- Model the NSW Health CORE Values of Collaboration, Openness, Respect and Empowerment.
- Participate in a 24/7 roster and may be rostered to day, evening or night shifts across a seven day roster; participate in an after-hours roster including nights and weekends.
- Move between services and geographical locations to deliver patient care
- Participate in ward rounds and clinical handover, to transfer information, accountability and responsibility for a patient or group of patients, following the ISBAR protocol, National Australian Standards. Clinical handover happens within and between Medical, Surgical, Emergency, Paediatric and Critical Care teams.
- Complete mandatory training as required by the hospital, local health district or specialty network, and NSW Health
- Attend all applicable organization-wide, hospital, department and role orientation sessions
- Abide by all conditions/provisions of employment as outlined in the relevant Award
- Conduct all required responsibilities and tasks of the role in a manner that is consistent with legislation, local and state-wide delegations, procedures, policies and manuals, which include but are not limited to the following areas:
 - NSW Health Code of Conduct
 - performance management and development
 - work, health and safety
 - records management
 - confidentiality and privacy
- All staff are expected to take reasonable care that their acts and omissions do not adversely affect the health and safety of others, that they comply with any reasonable instruction that is given to them and with any policies/procedures relating to health or safety in the workplace, as well as notifying any hazards/risks or incidents to their managers.
- For accredited training roles, comply with the relevant specialist medical college's training and examination requirements
- Act as role model and promote a culture and supporting practices that reflect the organisational values through demonstrated behaviours and interactions with patients/clients/employees
- Comply with supervision requirements as set out by the Australian Health Practitioner Regulation Agency
